TEL AVIV, Sunday. — "Nobody wants peace in the world more than we do, but we cannot acquiesce in any arrangement made at the expense of Israel," the Foreign Minister, Mrs. Golda Meir, told a rally of Pioneer Women at the Mann Auditorium tonight. Some 2,500 women from a dosen countries gave the speaker a rousing welcome. Mrs. Meir, speaking in Yiddish, warned that Israel had still to be on her guard. "I feet that the dangers before us are not small, and particularly so from those who call themselves our friends." Our friends should know that peace bought at the expense of little nations could not be real, ahe said.

But Mrs. Meir reiterated that if the Arabs wanted peace with Israel, a settlement could be reached immediately.

U.S.: Rapacki Plan Inadequate | Nato Council To

WASHINGTON, Sunday. — The U.S. has rejected the Polish "Rapacki" plan for a denuclearized zone in Central Europe as "too limited in scope to reduce the danger of nuclear war," the State Department announced today.

The American rejection was contained in a note handed yesterday to Mr. Winiewicz, the Pollsh Deputy Foreign Minister, by the U.S. Ambasador in Warsaw, Mr. Jacob Beam.

Gaining Approval

WASHINGTON, Sunday (Reuter), — U.S. officials were optimistic tonight as reports began to flow in of approval for the American plan for an international conference on Antarctic cooperation.

The U.S. proposal was contained in notes sent yesterday to 11 countries participating in International Geophysical Year activities in Antarctica—Argentina, Australia, Belgium, Britain, Chile, France, Japan, New Zealand, Norway, Russia and South Africa.

Seven of these countries the plan serious and careful consideration.

The plan, named after its author, Mr. Adam Rapacki, the Polish Foreign Minister, proposed that the denuclearized zone should comprise Poland, Czechoslovakia and East and West Germany. In this area nuclear weapons would neither be manufactured nor stockpiled, and the use of nuclear weapons against the zone would be prohibited.

The plan was originally put forward last October at the United Nationa. The U.S. note was in reply to a Polish note, dated February 14, reaffirming the Polish proposal.

Summit Preparations

Mr. Dulles and Mr. Lloyd, in Copenhagen for the meeting, conferred tonight attended by their advisers on East-West relations and disarmament. Diplomatic observers believed they discussed a report which the Secretary of State is to make to the Nato Ministers about East-West moves towards a summit conference. The U.S., Britain and France have accepted Soviet insistence that preparations at ambassadorial level for a summit conference must be made in separate talks with each power.

Mr. Dulles was expected to outline to the Nato Foreign Ministers a procedure whereby each Western Ambassador, after a meeting with the Russians, would brief his two colleagues.

said,

The Soviet President is due in Belgrade in mid-May, while President Tito has accepted an invitation from Mr. Wladylaw Gomulka, the Polish leader, to travel to Warsaw at the end of May or the beginning of June.

The political climate for the two visits has been clouded by the new ideological dispute between Yugoslavia and the Soviet bloc, culminating in sharp attacks on Kremlin policies at the recent Yugoslav Communist Party congress.
